Location	Holt Rd between Nolensville Rd and Edmondson Pike		
Short Description:			
Add traffic calming measures on Holt Rd between Nolensville Rd and Edmondson Pike to slow traffic and improve safety			
Long Description:			
To reduce the frequency of late night drag racing and improve safety on Holt Rd between Nolensville Rd and Edmondson Pike, NDOT will install non-intrusive forms of traffic calming on this road so it is feasible for traffic calming measures, NDOT cannot install rubber cushions or speed humps. The AADT is 10,000 (major collector) and the cushions will only support up to 5000 vehicles per day or they will come apart. The speed limit is also 40 mph and 30mph is our max.			
Metro Comments:

This project page has been curated by a budget delegate, drawing inspiration from ideas submitted by Nashville residents until June 20, 2023. It has been shaped with initial input regarding scope and budget from a Metro department. While Metro is committed to adhering to the specified scope, adjustments or even the potential elimination of certain aspects may become necessary during implementation, influenced by site-specific or unforeseen conditions. Furthermore, the projects' funding source is from the American Rescue Plan Act (ARPA), which current guidelines require all ARPA-funded projects be completed by December 2026. Should any project be delayed or expected to be delayed beyond this deadline, it shall be subject to elimination. The implementation timeline will be rigorously monitored to ensure compliance with this crucial requirement. Any prospective alterations to the project will be subjected to rigorous scrutiny and resolution by the steering committee during their regularly scheduled meetings.
